Construction of a Rest House at Mangalore-Government Memo No.5343-C/25-1, dated 8-10-1925.

I forward herewith plans and an estimate amounting to Rs.19,200 for the above scheme. The estimate forwarded by the Superintending Engineer is the one framed in 1922, and as the rates have not increased appreciably since then, the Superintending Engineer recommends that the estimated figure of Rs.19,200 may be adopted for administrative approval. I agree with the Superintending Engineer and request that the administrative approval of Government may be accorded for the scheme. A brief history of the case as required is also enclosed.

Enclosure

Construction of a Rest House at Mangalore

In G.O.No.671-W, dated 1-4-1915, an estimate amounting to Rs.12,000 was approved for the construction of a Rest House at Mangalore, but the execution of the work was postponed owing to the financial stringency created by the War. In G.O.No.196-Home (Edl.), dated 14-2-19 the site selected for the Rest house was handed over to the Education Department for the construction of a hostel for the Government College, Mangalore, and in Memo No.1625-C, dated 6-3-19, the Superintending Engineer, Coimbatore Circle, was asked to submit in consultation with the Collector, proposals for the selection of another site for the rest house. The Superintending Engineer submitted in August 1922 an estimate amounting to Rs.19,200 for the construction of a rest house on a land belonging to Government. The increase in cost of the estimate was reported to be due to the then current rates, the design adopted being that approved in G.O.No.671-W, dated 1-4-15. The question of according revised administrative approval to the scheme was then considered and a note was sent to the Finance Committee. But the Finance Committee did not approve of the scheme. The estimate was therefore returned to the Superintending Engineer for resubmission when the Financial position improved.

2. The Superintending Engineer again brought forward the scheme in his schedule of demands under Part II schemes during 1924-25 and 1925-26, but no funds were provided during those years.

3. The Superintending Engineer has, again, brought forward the scheme with a provision of Rs.10,000 in his schedule of demands for 1926-27 under Part II Schemes. In view of the fact that the necessity for a rest house was recognised by

Government so early as 1915 and as much difficulty is still being felt by touring officers, I strongly recommend that the scheme may be included in the budget for 1926-1927.

PUBLIC WORKS DEPARTMENT.

Subject:- Buildings--Public Works--Rest house--Mangalore--construction--whether necessary--provision of funds--next year's budget--report--submitted.

Reference:- G. O. No. 671 Public Works Department dated -- 1st April 1915, and Telegram dated 26th October 1925.

Station:- Mangalore. Dated 30th October 1925.

From No.

G.W.Wells, Esq., M. A. I.C. S.,

Collector of South Kanara.

To

The Secretary to Government,

Public Works Department,

Madras.

Sir,

Referring to your telegram dated 26th in regard to the -- necessity for a rest house, otherwise described as a circuit -- house, at Mangalore, I am wiring to you that the provision of funds in the next year's Budget is necessary. The question of the construction of such a rest house has been pending for the last 10 years or more. There is a Municipal bungalow at Mangalore, but it is not used to any great extent by touring officers of the -- Gazetted ranks, who either obtain permission to use the Railway -- Officers' bungalow or stay with friends. The Railway Officers' -- bungalow is not always available for Gazetted Officers of other -- Departments or travellers of the same class, and the provision of suitable accommodation for such travellers is just as acute ---- a question as it was in 1915 and earlier.

I shall therefore be much obliged if you will assist us by obtaining funds in the next year's Budget.

Your obedient servant,

30/10/25

Collector.

Part II Schemes. 1926-27.

Construction of a Rest House at Mangalore.

An estimate of Rs 12000 for the work was approved in G.O. No. 671 W.D. 1.4.1915 + it has been technically sanctioned by the S.E.

MM

The necessity for the work is explained in the Collector's letter on pp 2 + 6 of D' G.O. No. 2325 M dt 20.11.1913. Suitable site is available. The C.E. (N+B) has applied for a grant of Rs 10,000 for the work in 1926-27. + the balance of the estimate (Rs 2000) in 1927-28. + classed it under schemes which are very urgently necessary (and should therefore if possible be also put in hand during the coming year.).

(C) in the list of Part II schemes separately under Buildings.

The estimate was sanctioned more than five years ago + the sanction has now lapsed - vide para 263 of the P.W. Code A fresh estimate has been separately called for from the C.E. (N+B.)

The C.E's demand of Rs 10000 for the work in 1926-27 may perhaps be

P.T.O. (3)

PART II SCHEME FOR 1926-27.

Construction of a Rest-house at Mangalore.

The P.W.D. propose to ask for a grant of Rs.20,000 in Part II of the budget estimates for 1926-27 towards the construction of a rest house at Mangalore. The Chief Engineer has submitted plans and estimates prepared in 1922 amounting to Rs.19,200. It is stated that as the rates have not appreciably increased since then, the estimated figure of Rs.19,200 may be adopted for the administrative approval. This sum is made up of:

	Rs.
Main building with outhouses and latrines	16,746
Furniture	340
Well	850
Contingencies and supervision	1,264
Total	19,200

The estimates do not call for any remarks in Finance and may be accepted.

2. The Collector of South Kanara considers that the construction of the rest-house is necessary and recommends provision of funds for the work in the next year's budget. Finance need not object to the proposal going before the Finance Committee as a Part II scheme for 1926-27.

3. The P.W.D. may be requested to prepare a note for the Finance Committee. The charges

P. W. D.

NOTE FOR THE FINANCE COMMITTEE

Part II Schemes 1926-27.

Construction of a ~~residence~~ rest-house at Mangalore

Proposal of the Head of the Department.

In 1915, the Govt. approved of the construction of a rest house at Mangalore at a cost of Rs.12,000 in view of the difficulty felt by touring officers for proper accommodation. Owing to the financial stringency ~~caused by the war~~, the work was postponed and the site selected was handed over to the Education Department. A fresh Govt. site has since been selected. The C.E. (R & B) reports that much difficulty is still felt by touring officers and strongly recommends that a provision of Rs.10,000 for the work may be made in the budget for 1926-27. The cost of constructing the resthouse at present rates is estimated at Rs.19,200.

Note by the Public Works Department.

The Collector of South Kanara who was consulted as to the necessity for the work, states that the Railway Officers' bungalow generally used by touring officers is not always available and that provision of suitable accommodation is just as acute as it was in 1915 and earlier.

P7 CF

The work was brought forward as a Part II Scheme in 1924-25 and 1925-26 but no funds were provided. As it is considered by both the C.E.(R & B) and the Collector to be urgent, it is proposed to provide a sum of Rs.10,000 for it in the budget for 1926-27 under "41 a. Civil Works- Transferred- Original Work Buildings- S. Civil Works".
